**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2023**

**NOTE 1: SIGNIFICANT ACCOUNTING POLICIES**

**Reporting Entity**

The financial report is for the Jaipur India Growth Fund ('the Fund'). The Fund is an unregistered managed investment scheme established and domiciled in Australia. The Trustee of the Fund is Vasco Fund Services Pty Limited.

**Basis of Preparation**

**(a) Statement of compliance**

The Fund has elected to adopt the Australian Accounting Standards – Reduced Disclosure Requirements (established by AASB 1053 *Application of Tiers of Australian Accounting*).

These financial statements are general purpose financial statements that have been prepared in accordance with Australian Accounting Standards – Reduced Disclosure Requirements and the *Corporations Act 2001*. Jaipur India Growth Fund is a for-profit entity for the purpose of preparing the financial statements.

The financial statements were approved by the Board of Directors of the Trustee on 5<sup>th</sup> October 2023.

**(b) Basis of measurement**

The financial report is prepared on the historical cost basis except for the following material items in the Statement of Financial Position:

Investment assets are measured at fair value.

**(c) Functional and presentation currency**

These financial statements are presented in Australian dollars, which is the Fund's functional currency.

**(d) Use of estimates and judgements**

The preparation of financial statements requires the Directors of the Trustee to undertake a number of judgements, estimates and assumptions about the recognition and measurement of assets, liabilities, income and expenses. Actual results may differ from these estimates.

Estimates and assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and in any future periods affected.

**Significant accounting policies**

**(a) Financial instruments**

Financial assets and financial liabilities are recognised on the Fund's Statement of Financial Position when the Fund becomes a party to the contractual provisions of the instrument.

**(i) Measurement**

Financial assets and financial liabilities are held at fair value through profit or loss.

Under this approach, financial assets and financial liabilities are generally measured initially at fair value excluding any transaction costs that are directly attributable to acquisition.

Subsequent to initial recognition, all financial instruments are measured at fair value with changes in their fair value recognised in the statement of comprehensive income.

**JAIPUR INDIA GROWTH FUND**  
**NOTES TO THE FINANCIAL STATEMENTS**  
**FOR THE YEAR ENDED 30 JUNE 2023**

**NOTE 1: SIGNIFICANT ACCOUNTING POLICIES (continued)**

**(i) Measurement (continued)**

*Fair value in an active market*

The fair value of financial assets and liabilities traded in active markets are based on their quoted market prices at the reporting date without any deduction for estimated future selling costs. Financial assets are priced at current bid prices on the reporting date, while financial liabilities are priced at current offer prices.

*Fair value in an inactive or unquoted market*

The fair values of financial assets and liabilities that are not traded in an active market are determined through the valuation policy identified in the Information Memorandum for the Fund.

**(ii) Categorisation**

The Fund's investments are categorised as follows:

*Cash and cash equivalents*

Cash and cash equivalents comprise cash on hand and demand deposits and other short-term highly liquid investments that are readily convertible to a known amount of cash and are subject to an insignificant risk of changes in value.

*Financial liabilities and equity*

Financial liabilities and equity instruments issued by the Fund are classified according to the substance of the contractual arrangements entered into and the definitions of a financial liability and an equity instrument. The accounting policies adopted for specific financial liabilities and equity instruments are set out below:

*Issued units*

The Fund issues units which have a limited life under the Fund's Constitution and are classified as equity in accordance with *AASB 132 Financial Instruments: Presentation*.

Where the Fund buys back any of its units from unitholders, the consideration paid, including any directly attributable incremental costs are recognised as a reduction in equity attributable to the Fund's unitholders.

**(b) Goods and services tax (GST)**

Revenues, expenses and assets are recognised net of the amount of GST, except where the amount of GST incurred is not recoverable from the Australian Taxation Office. In these circumstances the GST is recognised as part of the cost of acquisition of the asset or as part of an item of expense. Receivables and payables in the statement of financial position are shown inclusive of GST, and accruals are shown exclusive of GST.

**(c) Income tax**

Under current legislation, the Fund is not liable for income tax provided its taxable income is fully distributed to unitholders.

**(d) Critical judgements and significant accounting estimates**

The preparation of financial statements requires the Directors of the Trustee to make judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses. Actual results may differ from these estimates.

**JAIPUR INDIA GROWTH FUND**  
**NOTES TO THE FINANCIAL STATEMENTS**

The financial position and performance of foreign operations with a functional currency other than Australian dollars are translated into the presentation currency, using the exchange rate prevailing at the dates of the report from ANZ Bank (Source: ANZ FX Online: <https://markets.online.anz.com>) (US\$1 equals AU\$0.6909). The assets, liabilities and equity items are translated using reporting date exchange rates.

**(f) New accounting standards and interpretations**
